Technical support & Hotel systems

- Our Technical Services Team has a very wide experience that varies from Assessment, Installation, Configuration, Problem Troubleshooting, Resolution, Fixing and Project Implementation acceptance with a complete Infrastructure solution. Also, we offer up to 24/7 services coverage with grantee repair and different response time throughout a fully automated customer relation management system as well an authorized certified service center.

- All Service Level standards and measurements are based on the priority assigned to a case on how quickly the Service Desk team will respond on customer's issue and in case the issue was not resolved from the first call and how long would it take to be resolved. If any time the customer feels that the level of support they are receiving does not meet the defined Service Level Guidelines or expectation, they are free to escalate it but first they have to make sure that the case has been submitted and exceed the response and resolution time. At this point, we will go into it immediately to bring this to a satisfactory result. The phone support is one of the preferred way to provide an assistance to the customers. Our Service Desk's team offers a phone support up to 24 hours, 7 days a week using state of art call routing technology and our own call tracking system in order to provide the maximum assistance for our customers.
- Monitoring the tremendous growth in the Middle East in IT field, we are aiming to capture ever large portion of this growth by focusing on the most vital assess we own, our Engineers.

Door lock System

- LST Egypt mission is to remain the world's favorite choice for the hospitality industry when security counts. By strengthening our long-term relationship with our customers through superior local service standards and technology advanced solutions, LST Egypt provides security, safety, luxury ,amenities and peace of mind wherever people sleep away from home.

Vision & Mission

- Now our vision is to be the most professional security leader in the industry by exceeding our customers' expectations. We've provided quality security programs and qualified personnel to meet the unique needs of each one of our clients. We have built our name and reputation with our unparalleled level of service. LST Egypt mission is to exceed our clients specific and customized security needs by delivering the highest quality of professional private security services based on trust and confidence.

Our History

- LST Egypt was founded in 2018 by one young Egyptian, the certainty that the element of safety starts from Arabs. And also the Arabs deserve all the safety and security for their life. They have taken a pledge to themselves that we will deliver all technology that makes life safer and more secure for everyone, everywhere, and every organization around the world. LST Egypt start their journey with offering security systems services such as surveillance cameras, safety assessment services and time attendance solutions. They adopted at the outset that the quality will be a key element in their products. A few months after its launch LST Egypt served many customers in all fields of business from small retailers to large corporations. And start planning to expand their portfolio by adding a new sector from the security systems to include the alarm system and security barriers and another product.

E-commerce digital marketing & Social media

- Our team has an accumulated experience of hotels and resorts marketing; local and international chains.
- We offer all kind of marketing services online & offline. Starting from creating a brand identity, establishing newly opened properties online, reputation management, handling properties tour operator catalogues, PR services local and international press, going through google & YouTube ads, social media platforms moderation and advertising locally and internationally, webmaster, website content creation, or even translation, photography, videography...etc.
- Marketing Solutions
- We provide our clients with the best marketing solutions, through creating and designing customized
- marketing campaigns, using effective marketing tools.
- We offer two forms of marketing
- 1. Online Marketing Tools
- 2. Offline Marketing Tools

Online

- Marketing Tools
- We offer you two different applications for your online marketing:
 1. SEO (Search engine optimization):
 - To reach your audience in a more effective way, we offer you SEO service that allows you to get to top ranks, to be visible and easily reachable by potential customers looking for what you offer.
 - For example, being ranked on the top five important results on Google Search Engine.
 2. Social Media:
 - Today, online marketing is the utmost effective modern marketing tool. Social Media Networks, such as Facebook, Twitter, LinkedIn, Instagram, are crucially involved in people's lives, and hence it plays a vital role in increasing your market share, and reaching out your target audience.
 - Through applying our creative campaigns, and different marketing applications, clients will definitely boost their sales.

Offline Marketing Tools

- Printing
- We design and print all kinds of print in high quality all kinds of printing (Brochures, Flyers, Booklets, Posters, Banners, etc..) dealing with professional printing agencies to ensure the best quality for our clients.
- Activation
- Brand activation brings brands to life through encouraging positive audience participation physically or digitally. We
- present suitable activation solutions to our clients according to your target audience.
- Booths
- A creative booth design is what you need to attract customers. We provide creative designs of booths and we
- produce them, through carefully choosing our durable good material that could last for more than one event.
- Giveaways
- Since people appreciate and love the idea from getting something for free, especially from brands, we aim to help you spread your giveaways to spread the word about your products, create a buzz attract more customers and help increase your sales.

Outdoor Advertising

- Any successful outdoor campaign begins with one's unique locations signage. Your outdoor sign is often the first
- thing potential customer sees. It should be sufficiently bright and noticeable to attract attention and sufficiently
- informative to let where customers would know what's sold here. LST Egypt gates provides you with excellent and
- competitive outdoor locations, offers and related outdoor services to our clients, not only signage.

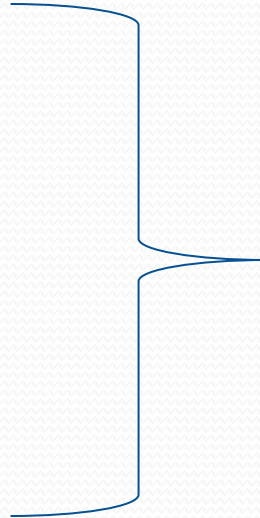

Events

- We manage and organize your events from the very beginning so that you can have them perfectly like you've always wanted it to be.
- We handle the process starting from getting locations, to ticket making, booths ushers and everything you need from A to Z.
