Welcome to the success story of Minibar, one of the world's leading hospitality supply companies with a proven track record for the past 40 years.

We have installed over 1,000,000 minibars and safes worldwide in thousands of hotels.

Our customers include the industry's most recognized hotel chains and ownership groups as well as many independent hotels, resorts and casinos.

Browse our large range of products (including traditional and automated minibars, control systems, in-room safes) and services (including operational support, technical support and finance).

The use of environmentally superior **Cyclopentane** in the insulation manufacturing process, combined with low energy consumption, generous internal cabinet space and totally silent operation make bars a four-way winner: savings, quality, flexibility, great value.

Like the Compact Minibars are available as free standing units or can be inserted into existing furniture or our Designer bars.
